

FRANCESCA FERRE'

Data of birth: 05 August 1985

Nationality: Italian

@email: francesca.ferre@santannapisa.it

EDUCATION AND TRAINING

2015 **PhD in Business Administration**, University of Parma (Italy) – PhD thesis “Three Essays on the Challenges to New Public Management-Style Reforms in an Age of Multiple Crises: Evidence from the Healthcare Sector”

2014 **Master of Research in Management Sciences (MRes)**, ESADE Business School, Barcelona (Spain)

2012 **Summer School on Modern Methods in Biostatistics and Epidemiology**, Treviso (<http://www.biostatapi.org/>)

2009 **Double Degree Master in Management and Master in Public Administration**, Bocconi University, Milano (Italy) and Rockefeller College of Public Affairs and Policy, SUNY, NY (USA)

2004-2007 **Undergraduate Degree in Management of Public Administration and International Institutions**, Bocconi University, Milano (Italy)

PROFESSIONAL EXPERIENCES

Institute of Management, Scuola Superiore Sant'Anna, Pisa

Dec 2021 – to date

<https://www.santannapisa.it/it>

Assistant Professor RTD-B Secs-p/08

She conducts research in the field of healthcare management and economic evaluations with the research group of *Laboratorio Management e Sanità* in the institute of Management. Her current research focuses on the development and analysis of multidimensional frameworks of indicators to measure and compare the performance of healthcare services and healthcare systems at the local and regional levels. Specifically, she coordinates the oncological pathway performance evaluation for Regione Toscana and the Italian Regional Performance Evaluation System and is scientific responsible for the analysis of the territorial cancer model introduced in Toscana for hospital-territorial continuity of care. She applies data driven analysis to measure pathways performance and assess managerial improvements and optimization of care services. She leads the work on breast cancer patient-reported outcomes for different stakeholders. Along this line, she does research on development and application of new measurement and accountability tools for assessing healthcare quality from the patient perspective. She performs analysis and benchmarking of access to healthcare services and estimation of the economic burden of chronic diseases (e.g diabetes) using individual-level healthcare administrative data. She also employs spatial analytical techniques to study access to health services and to understand inequalities in access among population groups.

Institute of Management, Scuola Superiore Sant'Anna, Pisa

Nov 2018 – Dec 2021

Assistant Professor RTD-A Secs-p/07

She conducted research in the field of healthcare management and economic evaluations with the research group of *Laboratorio Management e Sanità* in the institute of Management.

She was on maternity leave in the periods: May-October 2019 and January-July 2021.

Laboratorio Management e Sanità, Scuola Superiore Sant'Anna, Pisa Post-doc

Mar 2016 – Oct 2018

Researcher in Healthcare Management

She worked on regional and national-sponsored projects in the field of performance management with an interest on exploring the use of performance information within healthcare organizations looking at top management and professionals. She gained expertise on measurement and use of performance indicators in the oncological area with a focus on end-of-life care.

Quintiles Italia, now IQVIA Milano (Italy) <https://www.iqvia.com/it-it/locations/italy>

Mar 2015 – Feb 2016

Senior Consultant Market Access & Health Economics Outcomes Research

She covered national and regional market access strategies for innovative drugs and medical devices and applied health economics skills in different therapeutic areas, including oncology, prenatal screening and pain management. She has been involved in a range of business projects including payer surveys, advisory board meeting and focus groups with clinical experts, workshops and health economic model development.

SDA Bocconi, Milano (Italy)

Sept 2011 – July 2013

Research collaborator in the area of Public Management and Policy

She was assigned teaching activities on healthcare management and principles of health economic evaluation and health technology assessment within the Master in Healthcare Management. She coordinated the annual short courses in the area of health economics and health technology assessment and developed customized education programs for major pharma and medical device companies on the same topic. She was the coordinator of the executive education program POLE “Programme for Oncology Leaders in Europe” sponsored by Novartis Oncology and European School of Oncology.

CERGAS Università Bocconi, Milano (Italy) <https://cergas.unibocconi.eu/>
Reserach Fellow

She worked in the area of healthcare management with specific interest on the organization and financing of Italian regional healthcare systems, regional outsourcing governance mechanisms for service delivery, turnaround strategies for deficit management, and comparative healthcare reforms in the era of fiscal and economic crisis. She was part of the core team of a permanent Observatory that provide annual evidence-based picture of the Italian healthcare system outlying its future evolution in close cooperation with healthcare professionals and policy-makers. She also worked in the area of health economics reviewing the international governance models for medical device and worked on cost–effectiveness and budget impact evaluations for innovative technologies. Furthermore, she was assigned teaching assistant activities within the Dept. of Public Policy and Management.

WORK ACTIVITIES –

INVOLVEMENT IN NATIONAL AND INTERANTIONAL FUNDED PROJECTS

She is currently involved as team member in the following international and national funded projects:

- WP2 DigiCare4You (2021-2024), An intersectoral innovative solution involving DIGItal tools, empowering families, and integrating community CARE services for the prevention and management of type 2 diabetes and hypertension, Grant Agreement n.945246 (lead partner Harokopio University, Greece), financed by H2020.
- Developing Health System Performance Assessment in Croatia (PI Prof. S. Nuti) 2020-2021, financed by EU DG Reform.
- Per una giustizia giusta: Innovazione ed efficienza negli uffici giudiziari - Giustizia AGILE (PI Prof. G. Morgante) 2022-2023, financed by Ministero della Giustizia PON Governance 2014-2020.
- E3 for Health: Data-driven Elicitation, Explanation, and Enhancement of Healthcare systems (PI Prof. C. Seghieri) 2022-2023, financed by bando D.M.289/2021 Programmazione Triennale (PRO3).
- WP4 CARE-NETS “Patient value assessment and multi-dimensional performance evaluation of integrated care paths: breast and cardiovascular care” (PI Prof. V. Lionetti) 2019-2022, financed by Bando Ricerca Finalizzata 2016 Ministero della Salute.
- CoNtAcT: Chronic Network Accountability Tuscany: New governace mechanisms to promote professional integration and value improvement) (PI Prof. S. Nuti and Prof. C. Seghieri) 2020-2023, financed by Bando Ricerca Salute Regione Toscana.

Previously, she has been involved in the following international funded projects:

- Member of the research team of the EU-FP7 MedtechTA (2013-2105) Methods for Health Technology Assessment of Medical Devices: a European Perspective, Grant agreement n.305694 (lead partner Università Bocconi)
- Member of the research team of the EU-FP7 COCOPS (2011-2013) Coordinating for Cohesion in the Public Sector of the Future, Grant agreement n.266887 (lead partner Erasmus University Rotterdam)
- Member of the research team of the EU-FP7 ECHOUTCOME (2010-2013) European Consortium in Healthcare Outcomes and cost benefit research, Grant agreement n.242203 (lead partner UNIVERSITE LYON 1 CLAUDE BERNARD)

TEACHING ACTIVITIES AND TUTORSHIP

Since 2022 member of the committee of the Ph.D in Health Science, Technology and Management, Scuola Superiore Sant’Anna

2021-2022 member of the committee of the Ph.D. in Translational Medicine, Scuola Superiore Sant’Anna

Since 2016 lecturer in health care management for:

Ph.D. in Management Innovation, Sustainability and Healthcare

Ph.D. in Health Science, Technology and Management

Seasonal School Innovation in health care: strategies, performance, and data management (I, II and III edition)

Executive education: Corsi per Direttori di Struttura Complessa delle aziende sanitarie, Corsi per Direttori Generali delle aziende sanitarie.

Scientific responsible of the course “Corso di ri-validazione dell’attestato di formazione manageriale per i Dirigenti di Struttura Complessa – V edizione” Sept- Nov 2022

Coordinator of the course “Modelli di Governance e Valutazione delle Tecnologie in Sanità”, for Tuscany Region. (40h) Mar-Oct 2017 (Scientific responsible Prof. M. Vainieri)

Tutor / Supervisor for PhD and Master thesis, Scuola Superiore Sant’Anna:

Supervisor 1 PhD student in Innovation Management (2021-2024);

Tutor 1 PhD students in Translational Medicine (2019-2023) and 1 in Health Science, Technology and Management (2020-2023);

Tutor 1 Master student of the of the joint master’s degree Scuola Superiore Sant’Anna and Trento University in innovation management (MAIN).

She was invited speaker for courses organized by: Università di Pisa; Università Cà Foscari (Venezia); Università di Verona; Bocconi University (Milano); Università di Milano; Università di Siena; Sapienza Università di Roma; Eupolis (Lombardia); Fondazione Scuola Sanità Pubblica del Veneto on topics about performance management in health care sector.

AWARDS

- SDA Bocconi Innovative Education Program Award 2012 for the executive education program POLE “Programme for Oncology Leaders in Europe” with R. Tarricone.
- Farmafactoring AIES 2018 Best Paper Award for the article M. Vainieri, F. Ferrè, G. Giacomelli and S. Nuti “Explaining performance in health care: how and when top management competencies make the difference” in *Healthcare Management Review*.

EDITORIAL ACTIVITY

Academic Editor *PLOS One* since 2021

Associate Editor *Health Services Management Research*, since 2021

Assistant Guest Editor of the special issue «Sustainability and Resilience in Health: The Role of Performance Management”, *Int. J. Environ. Res. Public Health*, 2020

Ad hoc reviewer for: BMC Health Services Research, Health Policy, Public Management Review, Plos one, Academy of Management Conference meeting 2014, 2015, 2016, 2017, Int J of Cardiology and Mecosan.

RELEVANT NATIONAL AND INTERNATIONAL APPOINTMENTS

- For the 2021-2023 term elected Secretary General of *Associazione Italiana di Economia Sanitaria* (AIES). She was part of the local organizing committee of the 2019 AIES annual conference in Pisa and served as chair of parallel sessions in 2019, 2020 and 2021.
- In 2022 Member of the National working group on Telemedicine “Gruppo di lavoro telemedicina nell’ambito delle attività a supporto della missione 6, componente 1 PNRR”, Agenzia Nazionale per i Servizi Sanitari Regionali (AGENAS).
- In 2021 Expert for the European Commission DG REFORM on developing workshop on Health spending Review in Romania.
- In 2020-2021 Advisor for the European Commission on priority health investments needed in Italy under the programming period 2021/2027 by DG REGIO.
- For the period 2010-2015 member of the WHO/European Observatory on Health Systems and Policies and member of the Health Systems and Policy Monitor (HSPM) Network. She led the publication of the country health system profile (HiT) for Italy.

INVITED PRESENTATIONS, CONFERENCES AND SEMINARS

She participates to national and international scientific conferences on health services research, healthcare management, health policy, health economics and outcome research. In the last three years, she has been invited to national and international workshops/lectures on topics related to managing variation in the oncological pathway, patient reported-outcomes in breast cancer and use of performance information for healthcare systems improvement. Last year activities:

- CER GAS Seminar, Bocconi University (7 April 2022) “Measuring and managing the performance of chronic population using real world data”.
- ARES Puglia Workshop, Bari (2 March 2022) “Dalla valutazione della qualità percepita alla rilevazione strutturata e sistematica dei Patient Reported Experience and Outcome Measures”.
- Convegno Nazionale GISMa (14-16 December 2021) “Risultati dell’indagine sull’integrazione e la collaborazione tra i programmi di screening mammografico e i centri aderenti a Senonetwork”.
- AIES Conference, Milano (1-2 December 2021) “Including the patients’ voice in performance evaluation systems: healthcare systems towards a performance governance model”
- Developing Health System Performance Assessment in Croatia – Study visit oncological care, Webinar (23 November 2021) “Oncological networks in Italy – state of art”.
- PODS4H Conference, Eindhoven, The Netherlands (1 November 2021) “Process Mining and Clinical Pathways: an application to Breast cancer data in Tuscany”
- Medicina integrata in oncologia, Webinar Regione Toscana (1 October 2021) “Accesso e uso dei servizi di medicina complementare in Regione Toscana: focus tumore al seno”.
- La performance dell’oncologia in era covid e sfide del 2021 per la governance del percorso oncologico, Webinar ISPRO and Regione Toscana (7 May 2021) “La performance del percorso oncologico in Toscana durante il Covid-19”.

NATIONAL AND INTERNATIONAL MEMBERSHIPS

2018 to date: Associazione Italiana di Economia Sanitaria (AIES)

2018 to date: Società Italiana di Management (SIM-SIMA-AIDEA)

2016 to date: European Health Policy Group (EHPG)

2015-2017: International Society for Pharmacoeconomics and Outcomes Research (ISPOR)

2014-2016: Academy of Management (AOM) Healthcare Management Division

2010-2015: WHO/European Observatory on Health Systems and Policies and member of the Health Systems and Policy Monitor (HSPM) Network

COMPUTER AND LANGUAGE SKILLS
